Peace Camp 2024

A day camp experience
for 8-11-year-olds

June 3-7, 2024

Oneness with Earth heals

Peace Camp 2024 at Heartland Farm

Heartland Farm's annual Peace Camp is a day camp for 8-11-year-olds. Camp is full of exciting experiences like games, special projects, music, conversations, good food, and new friendships. This year's theme is **Diversity** in its many forms.

You'll spend your days outdoors in a fun learning environment developing skills that bring the natural world, farm life, and human relationships together as a peace-filled and fun-filled whole. High school counselors assist the Heartland Farm staff each day.

As campers, you should come ready for lots of vigorous activity and opportunities to stretch your mind, heart, and body at our 80-acre farmstead with its trails and pasture, pond and prairies, gardens, farm animals, and arts studio.

Make New Friends

Peace Camp will give you a daily adventure that takes you around the world in your own Kansas backyard. Discover or renew the amazing ways we are all connected with Earth, with plants and animals, and with all of creation - and have FUN while doing it!
