Hand Wovens

Made With Prayer and Care

BEV SIMONSON

At the age of 12, Bev Simonson launched her artistic talents where she began to experiment with drawings from art books. Now, with over 70 years of experience, Bev is not only gifted at weaving, she is established in painting, ceramics, and metal sculpting.

Her work embodies the essence of the Earth with the softness of the setting sun's sky. Each woven piece is a one of a kind staple, hand made and thought out.
